

Britain Tully, DVM

24/7 Emergency Care
24/7 Emergency Care

Britain Tully is originally from New Jersey. Her adventurous spirit and love of the ocean took her down to the Caribbean where she attended veterinary school at St. George's University. In her spare time, she enjoyed the surrounding islands and became SCUBA certified. While here, she met her future husband and fellow veterinarian. She fell in love with the island of Grenada and still calls it her second home.

From here, she returned to the states where she attended The University of Georgia for her clinical year. She began to miss home (and some good pizza) and ultimately returned to New Jersey for her rotating internship at Garden State Veterinary Specialists. After staying on and working as an ER doctor, she started to look for more adventure.

She and her husband moved to Colorado in 2018 and have remained here since. She enjoys working as an ER doctor and has a special interest in Internal Medicine. She has three Grenadian dogs but hopes to have a farm of chihuahuas one day!

In her spare time, she enjoys Crossfit, hiking, and SUP.
