## **Stacey George, DVM, CCRT, cVMA**

Sports Medicine & Rehabilitation  
*Rehabilitation*

Dr. Stacey George was born and raised in South Dakota. She earned a Bachelor of Science in Biology at the University of South Dakota, then moved to Colorado in 2011 to attend veterinary school at Colorado State University. After graduation, she joined a small animal general practice where she has worked for the last 7 years. During that time, Dr. George developed a love for helping geriatric pets and their families live their best lives, with particular interest in pain management and mobility. This led to her earning certifications in acupuncture and physical rehabilitation, which she is thrilled to now pursue full time.

Dr. George lives with her husband, her two kids, and her dog Archie. In her free time Dr. George enjoys trail running, reading, hiking, and camping.
